Dayscape Adult Care Center Inc. offers seniors a varied program of activities Monday through Saturday, in a safe, supportive and cheerful environment. Our day program aims to improve each participants activity level and encourages socialization with fellow seniors.

Dayscape provides participants with a cheery and secure setting in which to spend the day, allowing them to continue living in their homes.

Our goal is to provide an upscale option of having professional supervision in an upbeat and active setting available to them.

In addition to providing care and companionship for seniors who require supervision during the day, Dayscape offers reassurance to our participants spouses and family members.

Thanks to Dayscapes services, working caregivers now have an alternative. Knowing your loved one is in the care of professionals, you can now handle personal business or simply enjoy a break from your full-time responsibility.

In many cases, Dayscape can free a caregiver from:

1. institutionalizing a relative in an assisted living facility or nursing home.
2. paying for in-home health aides.
3. leaving a loved one at home unattended.

FAQ

Q. I am a caregiver, and need to occupy my elderly father throughout the day. How do I know whether Dayscape is the place for him?

A. Dayscape is the place for your father if he is physically or cognitively challenged but does not require 24-hour supervision. Perhaps he has safety issues when left alone, or he is a senior who can no longer structure his own daily activities. If he would benefit from the friendship and functional assistance and has extended daily periods of isolation and misses being around others, then bring him to spend the day with us.

Q. My mother has to eat several small meals throughout the day. Can Dayscape provide the energy she needs?

A. At Dayscape, your mother can expect a hot, full course lunch including soup and dessert. She will also enjoy a morning and afternoon snack and beverage. And she will be eating healthy foods! All food service is planned and approved by a registered dietician. And if she has a special diet, special menus are available.

Q. Is Dayscape Adult Care Center Inc. licensed by the State of Florida?

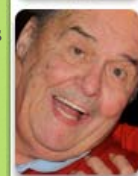

A. Yes, our center has been inspected and licensed by Floridas Agency for Health Care Administration (AHCA) as an adult Day Care Center. AHCA's extensive codes, laws and regulations enforce and consistently monitor Dayscapes staff qualifications, training and background screening, participant fees and rights. AHCA also ensures that Dayscape meets stringent standards including food service compliance, fire safety, emergency management and liability insurance.

Q. Does Dayscape provide transportation for participants?

A. Although Dayscape does not have a commercial transport vehicle, we have arrangements with several local licensed companies who will gladly pick up and drop off participants for a reasonable fee. Please call us for more information on transportation fees and schedules.

Q. What does an eight-hour daily fee include?

A. A full day of supervision, 5-6 hours of planned activities, morning beverage and snack, a hot full-course lunch and an afternoon snack and beverage.

Q. What if a participant requires assistance transferring/walking during the day or needs help with personal care?

A. Our trained nurse and nursing assistants will gladly assist participants with daily living tasks such as eating, toileting, transfer, grooming and bathing.

Q. How is lunch served?
